Please find below and/or attached an Office communication concerning this application or proceeding.

DETAILED ACTION

Inventorship

In view of the papers filed February 2, 2005, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding Wim Sweldens and Andrei Khodakovsky as co-inventors with Peter Schroeder.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.
